Making disciples. Impacting systems

# THE HARVEST IS PLENTIFUL

**SECURING THE FUTURE OF TOMORROWS LEADERS THROUGH SALVATION IN JESUS CHRIST.**

*When we set goals for the year, we were convinced that God will move mightily in our midst and help us execute our plans. In the last quarter we have seen him fulfill his promises in spite of our limitations.*

*We now give morning devotions in 15 schools and have this had opportunity to share our faith with close to 7000 students every week. We have organized 6 workshops for Singles' and Couples' and the response has been good.*

*We thank God that through your prayers, giving and volunteering we are able to spread Gods word. Remain raptureable. Br. Bolak Mekwi*

*A young growing school like Manna Group of Schools is experiencing the move of God because of the ministry of one of our missionaries as he shares the gospel and help the students weekly to remember their Creator in the days of their youth. We cannot thank God enough for the schools that have been won in the past two years of our ministry on this campus.*

**"THROUGH SALVATION OUR  
PAST HAS BEEN FORGIVEN,  
OUR PRESENT IS GIVEN  
MEANING, AND OUT FUTURE  
IS SECURED."  
RICK WARREN**

## FAVOUR COMPREHENSIVE COLLEGE, BAFANG.

*We have been richly blessed by the support of teachers and administrators as we reach out to these students. At Favour comprehensive college, Bafang we had teaching staff bring their contribution to build the students by helping them understand what sex is and how to abstain from it until the right time- when married.*

## DISCIPLESHIP @ BHS BUEA.

*Young people most at times believe that they can have all they have without Jesus and so will work hard to get good grades to permit them pick good jobs after school. This narrative is not true and can better be change and communicated by those who had believed that but found out later in the marketplace that it is not true. Knowing that God has given his children all that they need for life and godliness (2 Peter 1:3-5) is such a firm foundation to help students as they go through school to prepare better for the future. We are so grateful for all those who went through our discipleship programs many years ago who now give time and resources and sharing their testimonies to build the students currently going through our programs. Our Buea branch is blessed with such harvesters.*

## PRAY WITH US !

- Thank God for all the souls harvested during the first term of this academic year.*
- Thank God for all the missionaries on the campuses who are sacrificing time and other resources to take the gospel to these young ones.*
- Pray for spiritual growth for all those who have surrendered to Jesus. Pray that they will find the right churches to grow and multiply.*
- Pray that the Lord will raise more laborers for all the campuses we are serving.*
- Pray that all the resources we need for the work will be supplied by God himself.*
